

FAQ 2:

If I drop a ball in a drop zone and it rolls outside the zone do I have to re-drop it?

Applicable Rule(s): Model Local Rule E1 (Dropping Zones)

The following points apply when dropping a ball in a dropping zone:

- The player does not have to stand in the dropping zone when dropping the ball.
- When a player is using a dropping zone, the relief area is defined by that dropping zone and the ball must be dropped in and come to rest in the dropping zone (see Rule 14.3).
- If the dropping zone is defined by a line on the ground, the line is inside the dropping zone.

Answer:

Yes.
