Course

At an altitude of 550m above sea level it's a course for all seasons, enjoying cool breezes even during the summer. Originally designed by Donald Steel in 1994, Minthis Hills is the oldest golf course in Cyprus, and has recently undergone extensive enhancement by Mackenzie & Ebert. The ancient gardens in which the course is set lend a unique flavour, with holes surrounded by grapevines, walnut, almond, and olive trees. Few places are so tranquil for a friendly game, being fun to play for all standards of player, with great variety between holes. To top it off it is a looped course, with each nine returning you to the clubhouse, perfect for halfway refreshments!
